Phil,

This is what I said to Rachel.

Stephen Benger dealt with the School scheme and would have had the best opinion as to whether the roundabout was supposed to be built to purpose ( is acceptable as built). Even though just last month, I cannot recall if he told me to say this, but it may have been discussed on a Skype meeting. I don't think that I visited as I would have wanted, as it doesn't show up on Google. I will ask Gerwyn Wade if he can locate an as constructed drawing of the roundabout.

The pre-app was to do with a letter from Powells of Monmouth, not Andrew Harries.
